

## Student portal management

It is a management portal for students

It only have 5 pages

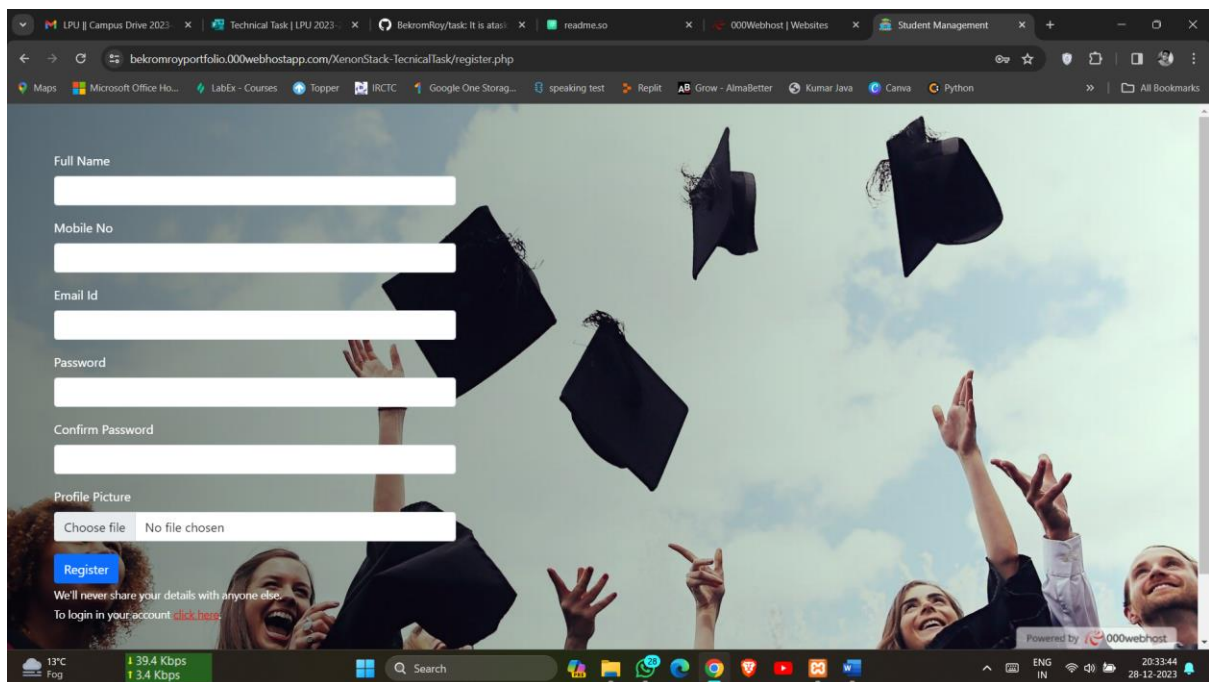

### 1) Login page

Using proper login id and password user can log into in his dashboard

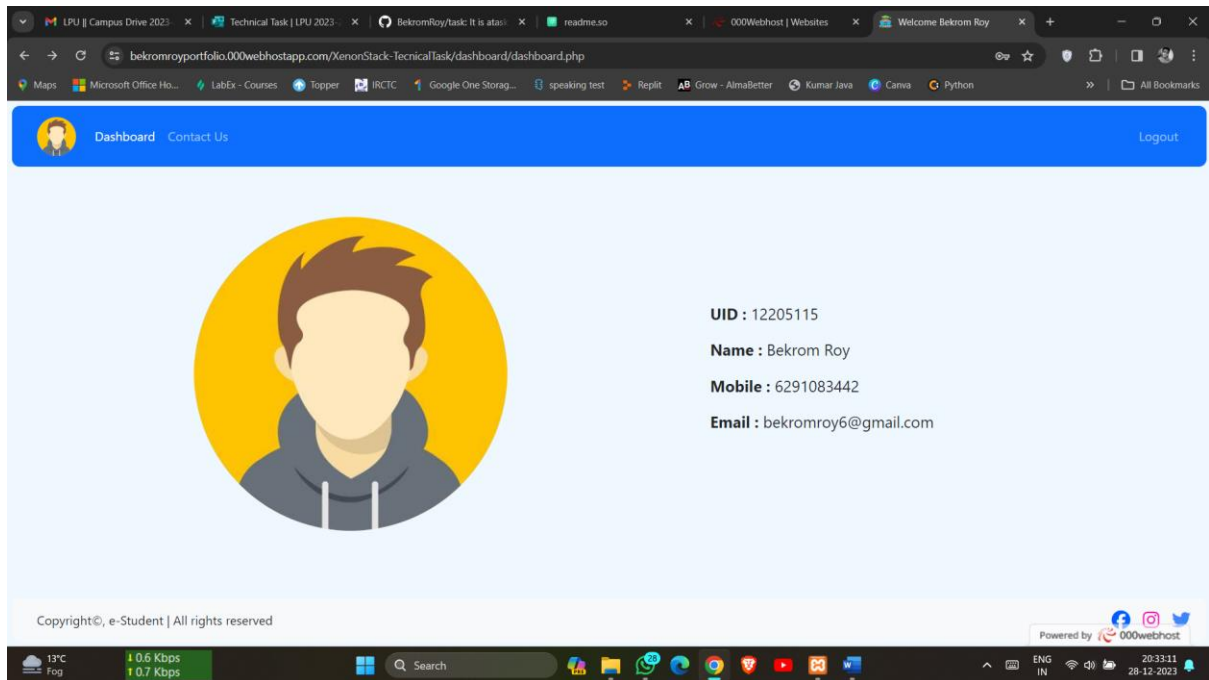

### 2) Signup page

It is for new users, it needs less details and make a new account for a student.

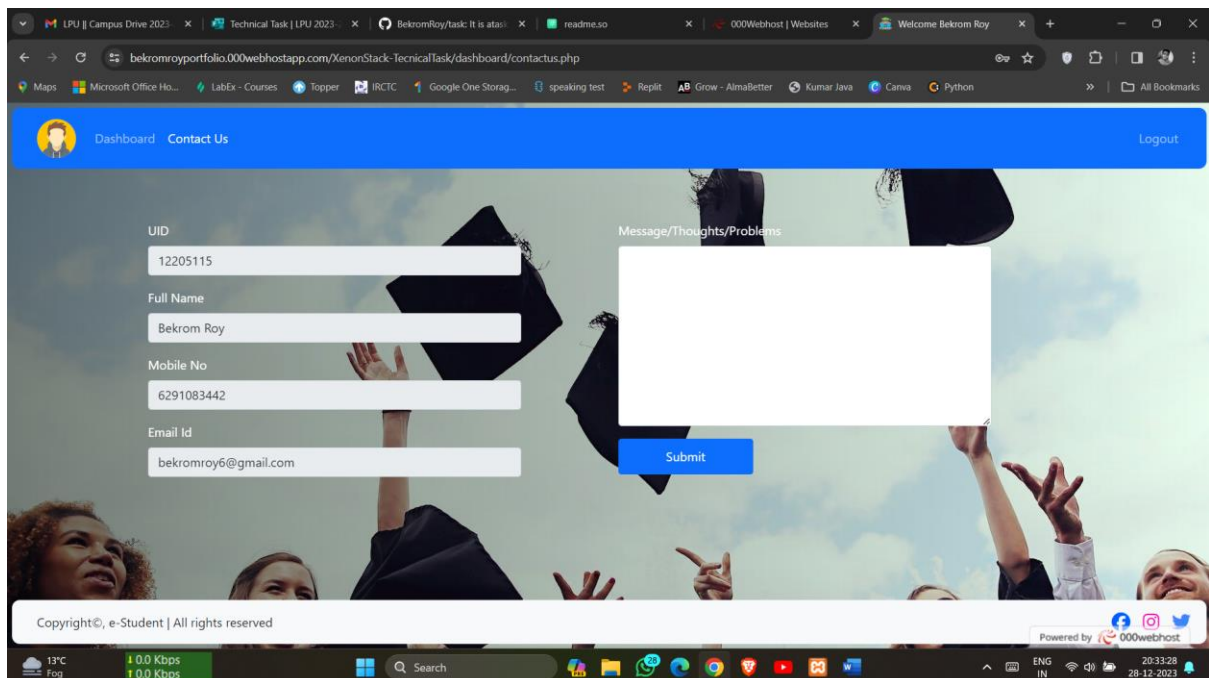

### 3) Dashboard

It is the page user redirects after login and as of now it shows some details.

### 4) Contact Us

If the students face any issue then they can easily contact the authority by using this page.

### 5) Logout

It ends students sessions and redirects to the login page.
